

Breast cancer won't wait. Everything else can.

No matter how busy you are – if you find a change in your breast, see your doctor without delay.

Early detection is vital to surviving breast cancer.

Nine out of ten breast changes are not due to cancer – but see your doctor to be sure.

So don't delay, make an appointment today.

For more information, visit nbcc.org.au or call The Cancer Council Helpline on 13 11 20.
